# Making Subject Choice

Kyle Hamilton

# How am I making this decision?

- Is the subject interesting?
- Does it fit with my ideas for the future?
- How much do I know about the subject?
- Does it play to my strengths?
- What do people that I trust think?

# What is my next step?

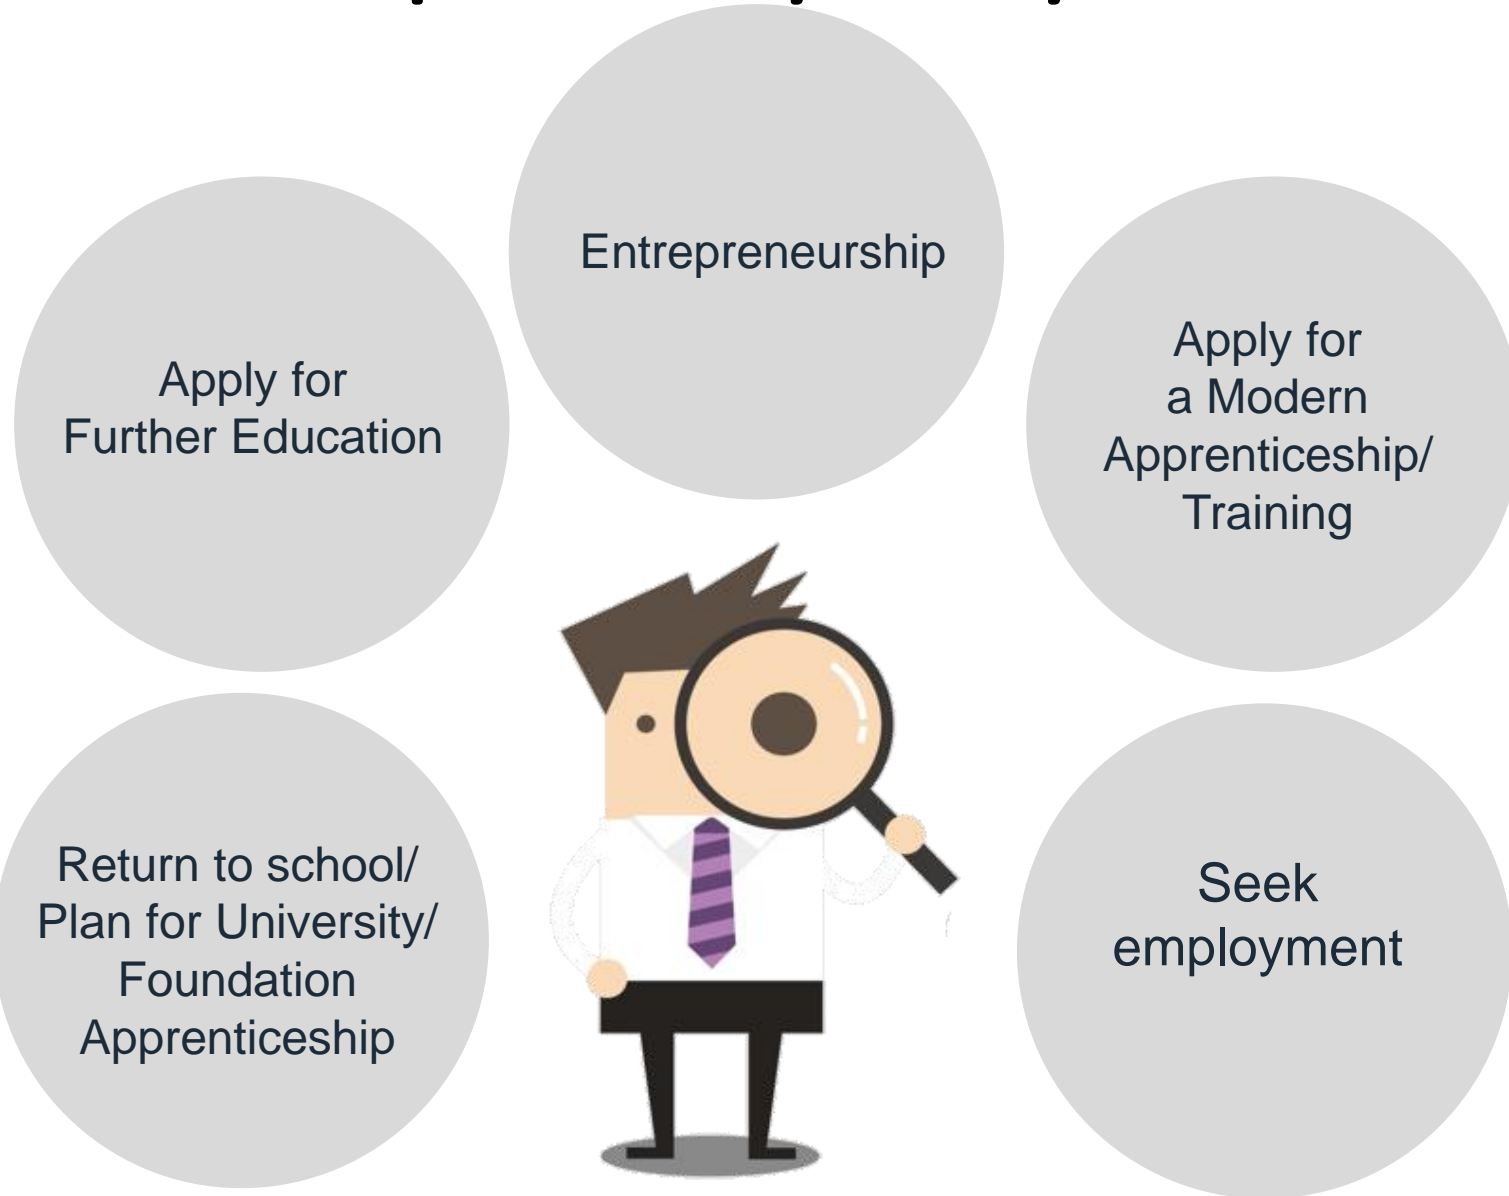

- What are my thoughts about future pathways?  
College, University, Apprenticeships, Work.
- What qualifications do I need?
- What are the entry requirements?
- What other routes are there?
